

Lithosphere – solid earth

Atmosphere – gases (the air)

Hydrosphere – all water

Biosphere – all life

Name: _____

Watch <https://www.youtube.com/watch?v=VMxjzWHbyFM> (Geosphere and Biosphere) and https://www.youtube.com/watch?v=UXh_7wbnS3A (Hydrosphere and Atmosphere)

And you could listen to the song <https://www.youtube.com/watch?v=b-4chsOyTLw>

Take notes on each sphere then research the ways humans are affecting each sphere.

The Four Spheres of the Earth

The Geosphere:

Human impacts:

The Biosphere

Human impacts:

The Hydrosphere

Human impacts:

The Atmosphere

Human impacts:

I think the sphere with the largest human impact is the _____ because _____
